

# MRI Cleaning System

## Metal-Free Cart & Cleaning Tools

### 100% METAL-FREE WORKSTATION CART

From top to bottom, Filmop's MRI-Safe Metal-Free Workstation Cart is completely metal-free, including wheels, supports, lock keys, screws and plugs.

### 100% METAL-FREE TOOLS

Mops, handles, and surface cleaning tools are all metal-free including screws and locking mechanisms.

### LOCKABLE DRAWERS

Drawers are lockable for full security. Drawers have generous depth and slide out for easy access to contents.

### CO-POLYMER CONSTRUCTION

Workstation cart and tools are made with co-polymer material, which resists mold, mildew and bacteria. It won't rust, absorbs shocks and won't break or crack on impact. Components are easily removed for complete cleaning and disinfection.
