

**NEW!**  
Dual-Sided  
Disposable  
100% Microfiber

# 16.5" Mono-Micro PE100 Dual-Sided Disposable Microfiber Mop

## 100% MICROFIBER, NO FILLERS

Made with 100% .5 denier\* polyester microfiber (PE100), edge-to-edge for superior floor cleaning. No fillers so it delivers better, more consistent release of cleaning solution. *Microfiber is a proven superior material for maximum removal of soil and microbials.\*\**

## MAXIMUM CLEANING COVERAGE

Sturdy, single-layer disposable mop heads hold 3 to 3.5 ounces of cleaning solution for maximum cleaning coverage.

## TWO-SIDED USAGE, WASHABLE

Since it is 100% microfiber, both sides can be used for cleaning. Durable enough to be laundered and reused 10+ times.

## USE WITH ANY PRESS-CONNECT HOLDER

Both sides will easily attach and release on either conventional Press-Connect or Microplast Press-Connect mop holders.

100% POLYESTER,  
.5 DENIER MICROFIBER

\*Fibers are considered microfiber if they are 1.0 denier or less in size. At .5 denier, the microfibers in PE100 are 100% smaller than 1.0 – the smaller the denier, the better cleaning efficacy.

\*\*CDC Guideline for Disinfection and Sterilization in Healthcare Facilities, 2008, pg. 31

# ABOUT MONO-MICRO PE100

## ABSORBENT

Holds up to 3.5 ounces of cleaning solution = maximum square footage cleaning.

## 16.5" LENGTH

Use with Filmop 16" conventional Press-Connect holder or Microplast Press-Connect holder.

## REUSABLE

Intended for one-time use. However, because it is 100% microfiber with no fillers, it can be washed and reused 10+ times.

## TWO-SIDED

Since the Mono-Micro PE100 is 100% microfiber, both sides can be used for cleaning.

# CHARGING MONO-MICRO DISPOSABLE PADS

## Equodose® Mobile, On-Demand Single Mop Charging

Dispenses cleaning solution for immediate charging of individual pads or mop heads.

- Eliminates wasteful disposal of saturated, unused pads & unused solution
- Charges individual pads, one-at-a-time, when you need them
- Air-tight solution tank locks for added security

## Top-Down Multi-Mop Bucket Charging

Prepares up to 30 mops at one time in just 30 minutes.

- Uses just 1.5 gallons of cleaning solution
- No trips to water source
