

12-Inch Pocket System

Hand-Held & Extension Pole Mounted Surface Cleaning

Hand-held trowel

Pole mounted holder

MORE EFFECTIVE DIRT REMOVAL

Cleans more area in less time, maintaining consistent and even contact with surface compared to cloths, resulting in superior removal of dirt, dust and debris.

LESS USER STRAIN

Hand-held pocket trowel is ergonomically designed to reduce wrist stress and strain. Pole mounted holder makes it easier to clean surfaces which require long, awkward reaches.

RAPID BUCKET CHARGING

The structured mesh backing allows for rapid charging and enables prompt use.

ELIMINATES ATTACHMENT DETERIORATION

Pocket system eliminates concerns associated with press-connect systems that often fail due to wear, tear and clogging.

12-INCH POCKET HAND TROWEL SYSTEM

SURFACES ARE CLEANED FASTER AND MORE EFFECTIVELY AS THE TROWEL PROVIDES CONSISTENT AND CONSTANT SURFACE CONTACT THAT A HAND-HELD CLOTH CAN NOT PROVIDE.

Hand grip designed for maximum ergonomic use

Contoured lever provides comfortable collapsing action

No metal parts = no rust or corrosion

Co-polymer material is durable for a long life-span

Press on lever to collapse trowel

Insert into the pockets of the charged mop head

Press down to flatten and lock into place

Press lever when finished to collapse and disengage mop head, touch-free!

RAPID CHARGING SYSTEM (Micro-Kleen Pro Mop Heads)

PLACE MOP HEADS MESH-UP

Place desired number of Micro-Kleen Pro mop heads in Top-Down charging bucket with the mesh-side up.

FILL DOSING BUCKET

Fill dosing bucket with cleaning solution according to the directions indicated for the number of mop heads.

12-INCH POLE MOUNTED HOLDER SYSTEM

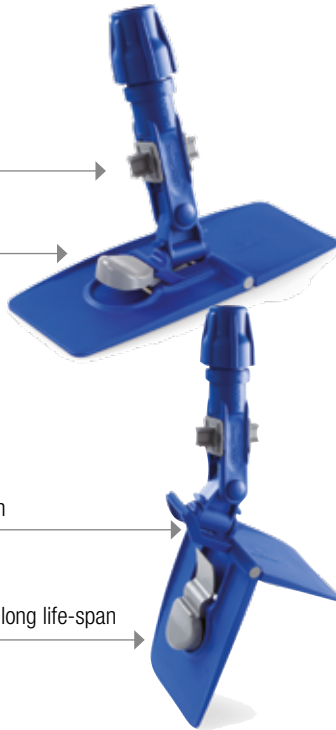

IDEAL FOR HARD TO REACH SURFACES! NARROW WALLS, WHITEBOARDS AND GROUPED DESKS ARE EASILY CLEANED WITH THE 12" POLE MOUNTED HOLDER AND MOP HEAD.

One-touch sliding mechanism
locks for vertical cleaning

Release button for easy collapsing

No metal parts = no rust or corrosion

Co-polymer material is durable for a long life-span

Press on release button
to collapse holder

Insert into the pockets of
the charged mop head

Press down to flatten and
lock into place

Press on release button
to collapse holder and
disengage mop head

ADD SOLUTION

Pour cleaning solution
from dosing bucket on
top of the mesh backs,
pouring evenly from
left to right until dosing
bucket is empty.

RAPID CHARGING

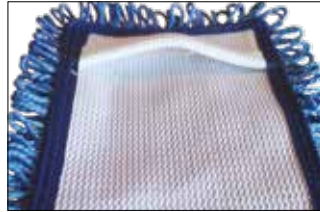

The mesh backing allows for
rapid charging for prompt
use. No need to flip the Top-
Down charging bucket upside
down.

MICRO-KLEEN PRO DETAILS

100% MICROFIBER, HEAT-SET, CLOSED LOOP

Heat setting assures microfiber retains its tight loops to eliminate "flattening" and maintain its maximum capture ability over a long life span.

STRUCTURED MESH BACKING

Multi-layered, heat-set, premium mesh backing provides dimensional stability over time, eliminating shrinking and retaining firmness. It enables rapid charging and reduces drying times.

LOCKED LOOP, SHORT STAGGERED STITCHING

Short, staggered, tight stitching in six rows of quadruple stitch lines firmly knot the microfiber loops to the backing, keeping the loops from pulling loose, thus providing prolonged life.

NO FOAM, NO FILLER

No foam or padding eliminates an environment conducive for bacterial growth or one that might harbor latent soil and pathogens.

PRODUCT (S)	ITEM #	DESCRIPTION	Unit of Measure	Case Pack
	5235A	12" HAND TROWEL POCKET SYSTEM, BLUE	Each	10
	0000TP0321AU	12" POCKET SYSTEM MOP HOLDER WITH LOCKING CONNECTOR, BLUE	Each	10
