ENGINEERED CLEANING SYSTEMS FOR HEALTHCARE

EVS HOUSEKEEPING CARTS

100% LOCKABLE: ASSURES SAFETY, PREVENTS CHEMICAL EXPOSURE

- Multiple lockable locations for 360° security
 - Domes, chemicals, cabinet doors, internal drawers
- Cleaning solution locked in secure tank
- No open buckets - eliminates spillage or tampering concerns

Easily disassembled

HIGH ROI + EASY DISINFECTION

- Made with high-tech co-polymer, non-porous material
 - Easily cleaned and disinfected
 - Smooth, closed-cell surface; rounded corners
 - Absorbs impact: won't dent or rust
- Individual components easily replaced or repaired
- Filmop cart has a lifecycle of 6-10 years

EQUODOSE MOBILE MICROFIBER CHARGING SYSTEM

COST SAVINGS: LAUNDERING

- Saves on wasteful washing of unused mops
 - On-demand mop preparation moistens dry mops and cloths when needed, in seconds
 - Savings example at .25 per mop for one cart, two shifts = \$912 per year
 - Pays off cart & charging system in 1.86 years

COST SAVINGS: CHEMICAL

- Use only chemicals needed; unused stored in locked tank

MRI CLEANING SYSTEM

100% METAL-FREE CART & TOOLS

- Easy to disinfect, maneuver
- All cart elements and mops, handles, surface cleaning tools are 100% metal-free

LINEN COLLECTION

EASY DISINFECTION

- Solid co-polymer base supports heavy loads
- Use bag of your choice
 - 32 gal. capacity, 18" diameter opening
- Light-weight, agile, quiet

SQUEEGEE DUST PANS

FLOOR COLLECTION SYSTEMS

- Easily disinfected
- Quick, controlled clean-up of liquids or solids
- Use bag of your choice with Baggy Collection Pan
 - Adjusts to any size bag

SPACE SAVING CARTS

ECONOMIZE ON SPACE

- Easier storage in small closets
- Chemicals, tools & supplies locked
- Move in-and-out of narrow spaces
- Maneuvers easily in elevators, small hallways
