

**PUSH EQUODOSE LEVER TO
DISPENSE CLEANING SOLUTION
BETWEEN 2 - 12 OZ.**

**PLACE DRY DISPOSABLE MOP
INTO EQUODOSE TRAY. SOLUTION
ABSORBED IMMEDIATELY.**

**REMOVE MOISTENED
DISPOSABLE FOR USE. NO DRIP,
NO MESS.**

The Best Way to Charge a Disposable Mop with Equodose® Mobile Charging System

SAFE, SECURE DISPOSABLE MOP PREP

Charge any disposable mop when needed in seconds in the Equodose tray. No more bucket soaking, wringing saturated disposable mops or waste of wet, unused disposable mops.

COST + RESOURCE SAVINGS

Use only the amount of chemical and disposable mops needed. Unused chemical is stored in sealed container; mops are only charged when needed.

ERGONOMIC ADVANTAGES

Reduces amount of bending to retrieve mops and separating those stuck together. Also eliminates immersing hands in cleaning chemical.

FILMOP®
Engineered Cleaning Systems

ABOUT ALPHA CART+EQUODOSE MOBILE CHARGING SYSTEM

EASILY CLEANED + DISINFECTED

- **Made with advanced Closed-Cell Co-polymer**
 - Non-porous material; no decorative protrusions or embossing
 - Resistant to mold, mildew, bacteria
- **Smooth, rounded corners on cart & drawers**
 - No 90° corners to trap debris
 - Open trash cabinet for easy cleaning access

100% LOCKABLE: ASSURES SAFETY, PREVENTS CHEMICAL EXPOSURE

- **Multiple lockable locations for 360° security**
 - Domes, chemicals, cabinet doors, internal drawers
- **Cleaning solution is secure in locked Equodose tank**
 - Chemicals dispensed on-demand, consistently in designated amount between 2 oz. and 12 oz.
- **No open buckets - eliminates spillage or tampering concerns**

HIGH ROI ON HOUSEKEEPING CART INVESTMENT

- **Filmop cart has a lifecycle of 6-10 years**
 - Made with high-tech co-polymer, non-porous material
 - Easily cleaned and disinfected
 - Absorbs impact: won't dent or rust
- **Individual components easily replaced or repaired**
 - No need to replace entire cart

COST SAVINGS: LAUNDERING REUSABLE MOPS

- **Saves on wasteful washing of unused mops**

Cost Calculations for Washing Unused Mops - Single Cart

	Laundry cost for 5 unused mops per day (.25 per mop)	Yearly cost (one cart x 365 days)	Time to pay off cart (cart cost = \$1,700)
One cart for 1 shift	\$1.25	\$456	3.7 years
One cart for 2 shifts	\$2.50	\$912	1.86 years

PRODUCT (S)	ITEM #	DESCRIPTION	Unit of Measure	Case Pack
	MA0117003U006	UNIVERSAL ALPHA ES WORKSTATION 29 COMPLETE (4" WHEEL SET UP, ASSEMBLED) 2 SIDE BASKETS, 2 UNI-MOVE HOLDERS	case	1
	P321100UA	EQUODOSE® MICROFIBER CHARGING SYSTEM COMPLETE, 1 TANK 1.5 gal, 1.7oz min	case	1
